

# Work safe. Fit your Genie<sup>®</sup> Scissor Lift with a Pipe Cradle.

Why take the risk and liability of using other methods?

Designed, tested and approved by Genie, our pipe cradles reduce the risk of injury and fatigue by providing a safe way to lift pipes when working from a scissor lift.

Maximum capacity of 300 kg	Maximum capacity of 45 kg

\*available on GS™-2046 and GS™-2646 Scissor lifts from serial number 60000

## Why choose Genie?

The 300 kg maximum capacity of the GS™-4390 RT/GS™-5390 RT scissor lift pipe cradle offers a true work advantage over comparable products. Both the GS™-4390 RT/GS™-5390 RT & GS™-2046/GS™-2646 scissor lift pipe cradles deliver stability and rigidity with a robust design which transfers the load away from the guard rails onto the platform deck.

### Applications include...

- Plumbing
- Fire systems
- Tunnel work
- Steel reo bar
- Air conditioning
- Installing overhead services
